

**Course Syllabus for Parent Night
PK-8th (2016-2017)**

Course: Math
Email: kziegel@jp2.org

Teacher: Ziegel

Grade Level: 4th
Conference Time: Wed: 8:20-8:55 a.m.

Textbook Series: (workbooks and other reading materials)

Go Math (textbook by Houghton Mifflin Harcourt)
Simple Solutions Level 4 Mathematics (workbook by Nancy L. McGraw, Bright Ideas Press)

Topics Covered:

Number and operations, Algebra, Geometry, Measurement, Data analysis, Fractions and decimals

Expectations:

1. Memorize multiplication and division facts through 12
2. Multiply three-digit by two-digit numbers
3. Divide with two digit divisors
4. Understand fractions and decimals
5. Develop concepts of expressions and equations
6. Measure: perimeter and area of rectangles
7. Geometry: describe: angles, two and three dimensional figures, transformations, congruence and symmetry
8. Collect, analyze and graph data

Grading:

45% major grades
45% classwork
10% homework

Special Projects / Events:

Partner work, group work, class discussions, perimeter man drawing, fraction tiles , base ten blocks

Integration and Use of Computers:

Math IXL

Course: Science

Teacher: Ziegel

Grade Level: 4th

Email: kziegel@jp2.org

Conference Time: Wednesday: 8:20-8:50a.m.

Textbook Series: (workbooks, novels, other reading materials):

Interactive Science (workbook by Pearson)

Developing Critical Thinking through Science (by Paul Eggen and June Main, Critical Thinking Company)

Topics Covered:

Scientific Method, Technology, Earth and Space, States and Properties of Matter, Earth's Resources, Plants and Animals, Ecosystems, Energy and Heat, Motion

Expectations:

Be able to reason scientifically

Participate in lab activities: conducting tests, comparing data, and drawing conclusions

Develop and use research skills during the planet project

Participate in classroom discussions

Understand science concepts

Master vocabulary words

Grading:

45% major grades

45% classwork

10% homework

Special Projects / Events:

Experiments, planet project, green beans in the JP2 Garden, plant journal, hermit crabs

Integration and Use of Computers:

**Course Syllabus for Parent Night
PK-8th (2016-2017)**

Course: Religion

Teacher: Ms. Condara

Grade Level: 4

Email: mcondara@jp2.org

Conference Time: 8:20-8:50 Wed.

Textbook Series: (workbooks, Novels, other reading materials):
RCL Benziger, **Be My Disciples**, Bible, Saint's biographies, prayer books

Topics Covered:

Students are introduced to Scripture, Catholic Tradition, and the liturgical year, to reinforce and extend their knowledge. Lessons share the Christian story in a catechumenal methodology, using reflection on Scripture and doctrine, plus prayer celebration in each class and during all the major seasons of the Church year.

Expectations:

Students will learn the 10 Commandments, The Apostle's Creed, Corporal and Spiritual Works of Mercy, Beatitudes. They will learn how God invites us to be his friends and how we as a community express our faith. The student will learn of God's faithfulness to his people in the Old Testament and about Jesus' life and love in the Gospel. The student will be able to locate passages in the Bible with the name of the book, the chapter number and the verse number.

Grading: 45% major grades
 45% daily grades
 10% homework

Special Projects / Events:

Fourth Grade manages a clothes/blanket/sleeping bag collection to be distributed at a Thanksgiving feast for the homeless. In the past year, each fourth grader prepared a Christmas stocking for a less fortunate child of their own age. The culmination of this project was the activity for the class' Christmas party. During Lent, students contributed to "Operation Rice Bowl" for Catholic Charities.

Integration and Use of Computers:

Chromebooks, Internet, videotapes, cassettes, CD's, word-processing

Special Projects / Events:

We are having a major focus on physical fitness. We aim to show the students proper technique for certain exercises like push-ups, sit-ups, etc., as well as proper stretching techniques. This will be accomplished during class time, however students are encouraged to practice at home.

Integration and Use of Computers:

Field Trips:

Other:

**Computer Course Syllabus for Parent Night
PK-8th (2017-2018)**

Course: Elementary Computer

Teacher: Ms. Cecilia Resweber

Grade Level: 1st -5th

Email: cresweber@jp2.org

Conference Time: 11:30 - noon

Please call or email me for an appointment

Textbook Series: (workbooks, novels, other reading materials): No textbook series. We use a variety of resources (mostly websites) to meet or exceed the requirements of the Archdiocesan Curriculum

Topics Covered: Our program includes topics such as digital citizenship, keyboarding, Google products (Classroom, Drive, Docs, and Slides), computational thinking, and coding (programming).

Expectations: Students attend class once a week for 40 minutes. I expect students to follow directions, demonstrate kindness and respect to others, and demonstrate appropriate use of classroom equipment. Students are expected to come to class ready to work, learn and put forth their best effort.

Grading: Students will earn a weekly participation grade. Other graded assignments include vocabulary quizzes, growth in keyboarding skills, the ability to perform a specific task, and the ability to demonstrate effective use of the tools modeled in class.

Special Projects / Events: guest speakers, both in-person and through digital means (i.e., Skype or Google Hangouts)

Integration and Use of Computers: Students will use computers to access course materials, perform assigned tasks, and complete projects.

Field Trips: N/A

Other: Parents may wish to access their student's Google Classroom account to view assignments or read announcements. I encourage parents to preview all websites before allowing your child access. In addition, I strongly recommend that parents and guardians visit <https://www.common sense media.org/> to help you teach your children how to use media and technology wisely. From their website:

"Common Sense is the leading independent nonprofit organization dedicated to helping kids thrive in a world of media and technology. We empower parents, teachers, and policymakers by providing unbiased information, trusted advice, and innovative tools to help them harness the power of media and technology as a positive force in all kids' lives.

"Media and technology are at the very center of all our lives today -- especially our children's. Kids today spend over 50 hours of screen time every week. The media content they consume and create has a profound impact on their social, emotional, cognitive, and physical development. Learning how to use media and technology wisely is an essential skill for life and learning in the 21st century. But parents, teachers, and policymakers struggle to keep up with the rapidly changing digital world in which our children live and learn. Now more than ever, they need a trusted guide to help them navigate a world where change is the only constant." (accessed 8-22-17)

**Course Syllabus for Parent Night
(2017-2018)**

Course: Elementary

Teacher: Mrs. Stieber

Grade Level: 1st through 5th

Email: rstieber@jp2.org

Conference Time: 8:15 – 8:45 a.m.

Monday through Thursday

Textbook Series: (Art resources/books as related to the lesson plan theme, art shows, or for visual applications)

Art History Books, posters, various visuals as relate to our “Focus Artists or Theme” featuring artists style, techniques, and tool usage.

Additional resources include: school library, museum of art technology/teacher center, and teacher library.
